## SUMMARY

---

Passionate React Developer with experience in creating responsive and user-friendly web applications. Seeking to leverage my skills in React.js, JavaScript, and Node.js to contribute to dynamic projects. Committed to learning and delivering high-quality solutions.

## TECHNICAL SKILLS

---

Frontend	JavaScript, Typescript, React.js, Redux, Sass, TailwindCSS,
Backend	Node.js, Express.js
Database	MySQL
Tools	Figma, Adobe XD, Photoshop
Version Control	Git, Github

## EXPERIENCE

---

Web Designer  
IT Hub

Feb 2024 - April 2024

- I completed a 3-month web design internship where I created responsive websites using HTML, CSS, Javascript and Figma. I focused on clean layouts, user-friendly designs, and cross-device compatibility, enhancing my skills in creating effective web experiences.

## PROJECTS

---

- **Admin Dashboard** ([Live Demo](#)) ([GitHub Link](#))

I developed an admin dashboard for an e-commerce website using React.js and TypeScript. The dashboard provides features like product management, order tracking, user management, and analytics, enabling administrators to efficiently manage and oversee the platform's operations. The use of TypeScript ensures type safety and scalability, while React.js delivers a dynamic and responsive user interface.

- **Authenticated MERN Stack To-Do List** ([Live Demo](#)) ([GitHub Link](#))

Built an authenticated To-Do List application using the MERN stack (MongoDB, Express.js, React.js, and Node.js). Integrated user authentication to ensure that each user's tasks are securely managed and stored. The app allows users to add, delete, and mark tasks as completed, with data persistence in MongoDB.

- **Blog App with CRUD Operations and Authentication** ([GitHub Link](#))

This project is a full-stack web application built with React.js for the frontend, Node.js for the backend, and MySQL for the database, focusing on CRUD (Create, Read, Update, Delete) operations for blog posts with user authentication.

## EDUCATION

---

Bachelor of Computer Engineering, Gujarat Technological University  
Current Semester - 7th  
Current CGPA - 8.17

2021 - Pursuing

## EXTRA-CURRICULAR ACTIVITIES

---

- **SSIP Hackathon 2023 Finalist (Law Intern)**

Secured the esteemed finalist status in SSIP Hackathon 2023, showcasing exceptional skills and dedication in the competitive hackathon environment.
